

Past Papers 2021 Mathematics Intro Paper - Answer Sheet

Question Number	Correct Answer	Reporting Strand	Descriptor
1	A: 8	Number & Arithmetic	Count the number of objects in an image
2	D: star	Algebra & Patterns	Recognise the missing shape in a pattern
3	B: Wednesday	Measures & Units	Remember the order of days in a week
4	C: 2	Chance & Data	Use tally marks to find a difference
5	A: square, D: tilted square	Space & Geometry	Identify the shapes that are the same
6	B: 11	Number & Arithmetic	Recognise a number between 10 and 100
7	B: how many pets do you have? C: How old are you?	Chance & Data	Identify the questions that give a numerical answer
8	C: 31	Algebra & Patterns	Calculate the next number in a sequence increasing by five
9	A: 6 and 3 domino	Number & Arithmetic	Compare the number of dots on domino tiles
10	D: Fourth pot (blue)	Space & Geometry	Follow a simple direction
11	A: 5	Number & Arithmetic	Solve a simple subtraction problem given an array
12	top - 06:00; 2nd - 12:30; 3rd - 01:00; bottom - 11:30	Measures & Units	Match analogue clocks with digital times
13	C: 71	Number & Arithmetic	Determine the value of a position on a number line
14	A: circle and star	Chance & Data	Identify the event that is impossible
15	C: 40 centimetres	Number & Arithmetic	Use an array to solve a problem involving counting up by five and two

Past Papers 2021 Mathematics Intro Paper - Answer Sheet

Question Number	Correct Answer	Reporting Strand	Descriptor
16	B: 8	Space & Geometry	Count the number of unit cubes in a solid shape
17	D: 2 rows of 5 teddies	Algebra & Patterns	Continue a pattern of shapes that increases by two
18	Yellow 3 squares 1 triangle, Blue 3 squares 2 triangles, Red 4 squares 1 triangle	Measures & Units	Order the area of plane shapes from smallest to largest
19	B: 37	Number & Arithmetic	Solve a problem using multiplication, addition and subtraction
20	A: 9,3,6	Chance & Data	Identify the column graph that represents given information
21	A: water level at 3 indentations up from the bottom	Number & Arithmetic	Recognise a picture showing one half
22	D: Figure 8 slanted	Space & Geometry	Identify the correct image produced by joining dots in numerical order
23	C: 2	Algebra & Patterns	Use addition and subtraction to find a missing element in a pattern
24	35	Measures & Units	Calculate the age difference between two children
25	C: 33	Number & Arithmetic	Solve a problem involving multiplication, addition and subtraction
26	D: 15	Chance & Data	Interpret a picture graph and calculate the total for a category
27	B: 6	Space & Geometry	Determine the number of regular hexagons sharing three edges in a tessellation
28	39	Number & Arithmetic	Solve a problem using a number sentence for addition and subtraction
29	Sita, Ben, Lin, Pete	Measures & Units	Solve a problem given information about equal distances
30	5	Algebra & Patterns	Continue a pattern that increases by the same number until a given total is reached
